Of Ormsby.

## THE TICKET AND PLATFORM.

Taken as a whole the ticket nominated by the Republican State Convention is a good one, and certain to grow in popularity strength as the campaign progresses. On the 7th day of November the voters will decide in favor of it by a very handsome majority.

The platform is a document worthy of commendation. It deals with the live questions of the day, questions which the Republican party is perfectly able to meet and solve, and to solve with as much satisfaction to the people as it has the great issues which have sprung up and have been decided by it during the years it has already been in existence.

The head of the ticket is a platform in himself. No man in this State can say aught against Mr. Enoch Strother. He is a gentleman of dignity, ability, honesty and integrity, and as Chief Executive of Nevada would be a credit to the State.

Mr. Chas. E. Laughton, the nominee for Lieutenant Governor, is well fitted to preside over the State Senate, being thoroughly versed in parliamentary law.

Of Judge O. R. Leonard, Supreme Court Clerk, Chas. F. Bicknell, and J. F. Hallock, State Controller, it is scarcely necessary to speak. They were renominated on the strength of their record, and deserve the continued confidence and support of the people.

Mr. J. M. Dormer, the nominee for Secretary of State, is thoroughly competent to discharge the duties of the position for which he has been named.

Mr. Geo. Tuffly's nomination is equivalent to an election. He will safely keep the "sack."

W. H. Davenport, nominee for Attorney General, is the present District Attorney of Eureka county, and a lawyer of good standing. In his hands the legal interests of the State will be well cared for.

No better nomination could have been made than that of Chas. S. Preble for Surveyor General. His practical experience of ten years will be valuable to the State. He is endorsed and recommended to the people by U. S. Surveyor General E. S. Davis and State Surveyor General Hatch. Mr. Preble

is a young man who will prove himself the right man in the right place.

The educational interests of the State will be promoted by the election of C. S. Young, the Republican nominee for Supt. of Public Instruction.

Mr. J. C. Harlow, the nominee for State Printer, is one of the best printers in the State, and was Foreman of the State Printing Office during the session of the last Legislature. He was the introducer of the bill re-creating the office, and had he not have been debarred by the Constitution would have received the appointment of Superintendent instead of the present incumbent. He will manage the affairs of the office as satisfactorily as Mr. Maddrill has done.

## Another Field-cr.

In the case of one of the alleged Chinese merchants who arrived in San Francisco on the steamship City of Rio de Janeiro from Panama, and who was not permitted to land, Judge Field, in the United States Circuit Court Tuesday, decided that merchants coming from countries other than China may land without certificates.

The dividend to be paid on the 12th by the Standard Consolidated is 25c per share, and not 75c. The reduction was hardly expected, and is a disappointment to many.

This mine paid its first dividend in September, 1877, at the rate of \$1 per share on a basis of 50,000 shares. This rate was kept up until March, 1879, when the number of shares was increased to 100,000 and the rate reduced to 50c per share. In March, 1880, it was increased to 75c per share. Not a single month has passed without a dividend from the start, five years ago, and on two occasions extra dividends were paid.

The Sacramento Bee says there is a report abroad that Tilden, in whose bonnet the Presidential bee is still buzzing, has sent fifty thousand dollars to the California State Central Committee to be used where it will do the most good—for Samuel. The sum, it is believed, is sufficient to secure the effectual burial of the hopes and aspirations of Judge Field, who has his weather eye on the White House.

During the month of July there arrived at the customs districts of Baltimore, Boston, Detroit, Huron, Minnesota, New Orleans, New York, Passamaquoddy, Philadelphia and San Francisco 70,699 passengers, of whom 65,010 were immigrants, 3,827 citizens of the United States returned from abroad, and 1,863 aliens not intending to remain in the United States.

Some of the interior California papers are getting themselves disliked by perpetrating bad puns upon Mr. Estee's name. One says the convention Estee-mated him at his true worth; another, that Republicans will Estee-n it a pleasure to vote for him; another says, Estee bombe, and another puts it, M. M. S. T.

The Denver Exposition continues to be a great success, and is visited daily by large numbers of people, many from the East. New specimens of exhibits are added constantly.

Within the last thirty years the aggregate public indebtedness of the world has increased from \$7,627,692,215 to \$23,286,414,753.

It is stated that the Richmond Consolidated is producing over \$100,000 per month.

## THE WINNING TICKET.

The Enterprise of the 6th has the following to say of the Republican State ticket:

The Enterprise is unable this morning to give an extended view of the excellent ticket nominated by the Reno Convention, owing to the great amount of space devoted to reporting the doings of that body. Suffice it to say that it is a strong ticket and one that is bound to win. It will, without a doubt, be elected from top to bottom. It is composed of some of the best men in the State, and calls to its support the united efforts of the Republican party in Nevada. At some future time the Enterprise will take occasion to refer specifically to the personnel of this selection of candidates, which is now presented for their suffrage to the voters of the State by the grand young party of liberty, freedom and progress.

They Don't Speak Now.—They were engaged to be married and called each other by their first names, Fom and Fanny, and he was telling her how he had always liked the name of Fanny and how it sounded like music in his ears. "I like the name so well," he added as a sort of clincher to the argument: "that when sister Clara asked me to name her pet terrier, I at once called it Fanny, after you, de rest." "I don't think that was very nice," said the fair girl, edging away from him. "How would you like to have a dog named after you?" "Why, that's nothing," said Tom, merrily, "half the cats in the country are named after me."

## THE REPUBLICAN PLATFORM.

[Virginia Enterprise, 6th.]

The platform of the Republican State Convention, as adopted at Reno yesterday, is published in full in the columns of the Enterprise this morning. We commend it to the thoughtful consideration of our readers, as an enunciation of political principles which will at once command respectful attention and earnest approval. It goes straight to the living questions of the day without any attempt to veneer them with glittering, unmeaning platitudes. It breathes the spirit of patriotism and chants the music of progress in every line. It is a trumpet call to victory. Dignified in tone, devoid of senseless appeals to passionate prejudices, invoking in explicit language the righting of wrongs and the correction of chronic abuses, and pointing out to our law-makers the demands of our people for many needed reforms, this platform offers the best and most solid footing for those who have to take their stand upon it during the campaign. Their is neither doubt nor equivocation in any plank. He who runs may read, and having read must remain firmly convinced that the Republican party reflects the best thought of the time, and that its principles are as pure as the gold and silver which comes from our mines.

We do not intend, at present, to review at any length the various propositions and declarations of the Republican platform. The campaign now to be fought out will offer abundant opportunities to fully discuss them. It is sufficient for our present purpose to invite attention to one of its most salient points.

The railroad question deeply concerns the people of Nevada as well as elsewhere. Our geographical isolation is such that we are more at the mercy of the great and powerful railroad corporation that runs from Ogden to the Pacific Ocean than our brethren of California. The railroad question in Nevada, however, assumes a distinctive phase from that which appears in any other State. As indicated in the platform, we have neither the advantage of competing roads nor the benefits which result from navigable streams. To Congress, as every intelligent man knows, we can alone look for final deliverance from an oppression that is at once hateful and arrogant.

As for our local railroad corporations, the people of Nevada cherish no hostility toward them. It is to our interest to invite capital to assist in building more roads in Nevada, and to open up our wildernes that the miner and farmer may thrive therein. Railroad enterprises in a mining territory are not without special hazards, and we cannot afford to antagonize Eastern and European capitalists willing to embark in such enterprises, by proclaiming ourselves hostile, as a people, to their interests. Every additional mile constructed here is an additional mile to be taxed. These are phases of the railroad question which the citizens of Nevada are not going to overlook. The Republican party will stand between the people and the railroad corporations. It sees no occasion, however, to bark at the locomotives, but will cheerfully leave that ridiculous occupation to the Democracy, who would even yelp at the moon if such yelping would bring them the offices after which they so sorely hunger. The Republican party stands for justice for all. The people expect nothing more and will exact nothing less. Clap-trap and vaporings about corporations will neither deceive the masses nor gain for the Democratic party of this State the respect or confidence of the voters.

## REPUBLICAN HARMONY.

The Eureka Leader expresses the general situation in the annexed: There never was a time in the history of the Republican party in Nevada when more harmony existed in its ranks than at the present time. This should be a matter of congratulation to every member of the party who has its welfare at heart; and furthermore, it is more than reasonably certain that the same harmony will exist up to the day of election, which will assure certain victory so sure as the rising of the sun on the 7th of November next. We have the strength and most able generals, and matin in the ranks (a circumstance rarely if ever known in the "grand old party") is the only remote contingency that could even raise a doubt as to the result. We work for principles and not for spoils, and that is the one great cause of our success. It secures us the sympathy and support of well-meaning men. Freedom is our banner, and although hated by tyrants and scoffed at by Democrats, a time will come when it will reign supreme over every land where civilization prevails.
